The exterior grade black PVC bracket features an option for 1 or 2 brushes.
The bracket has a generous flange of 2 1/4" that accommodates most variations in the edge and can be easily trimmed when applicable.

The black nylon closeout brush are stocked in the following lengths:
1", 1.15", 2", 2.25", 3", 4", 5", 6", 7" and any length can be made to spec.

The matching PVC 1" X 1.5" End Cap "L" bracket provides the option for a finished edge around the opening.
